## WORK EXPERIENCE

BU Spark!, Boston, MA, United States 09/2021 - 01/2022

*Software Developer Intern*

- Created a website that loads mutual aid resources from Postgres database, then displays all food resources and mutual aid locations around Greater Boston area in an interactive map by using mapbox API.
- Designed and developed the front-end in Gatsby to improve user experience by adding multi-language feature.
- Deployed frontend via GitHub Pages with https secure access, and utilized Docker Compose to containerize back-end application, then deployed on AWS EC2 instance, and secured the communication between front-end and backed with TLS/SSL certificate.

The Ohio State University, Columbus, OH, United States

08/2020 - 05/2021

*Student Instructional Assistant*

- Teaching assistant for CSE 3461 (Computer Networking and Internet Technologies), supervised by Prof. Jim Vickroy.
- Hold weekly office hours, oversaw lab sections, and answered students' questions regarding homework and labs.

## PROJECTS AND RESEARCH

Multi-threaded MapReduce Emulator (Multithreaded programming, C, Makefile, Valgrind): 01/2021 - 05/2021

- Created and implemented a multi-threaded version of MapReduce Emulator for counting the number of occurrences of words for a given file, which potentially can be used for search engines or web crawlers in text processing.

Deep-Learning Based Plant Disease Detection (Python, TensorFlow, Slurm/PBS scheduler): 06/2019 - 12/2020

- Awarded \$5500 scholarship by proposing an image-based deep learning approach and application framework design for plant leaves disease detection.
- Compared pros and cons between machine learning and deep learning-based detection.
- Conducted sequences of experiments on multiple factors including train-validation split ratio, batch size, and complexity size of pre-trained models, which resulted in 99.5% and 98.11% accuracy in training and validation respectively.
- Completed "Honors Research Distinction" thesis by authoring and presenting multiple deliverables works of literature, including over 70+ pages thesis, presenting a poster in two research forums, and oral defense presentation
